THE WEEKLY DIGEST

Volume 38—Number 5

Section TWO

Week of August 2, 1959

INDEX TO VOLUME 37

January Through June 1959

As you know, items in *QUOTE*, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of *QUOTE*, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Accidents—2-1;" tells you that an item on Accidents will be found in the second issue of *QUOTE* under index number 1.

One or more letters, following an issue number, refers to material in regular departments. For example: "America, Flag—21-GB;" indicates that an item on America, Flag appears in *Gem Box* in issue number 21. The reference to "Ancestry—1-BB;" means that an item on that subject appears in *Book Briefs* in issue 1. The reference to "Automobiles—4-e;" means that an item on that subject will be found in the regular *Good Stories* section of issue 4 under index letter e.

Quotations in the section *May We Quote You On That?* are also numbered consecutively. In the index, a reference such as "Age—22-10Q;" refers to a quotation on that subject in the 22nd issue, numbered ten in the *May We Quote . . .* section. When the letter t follows the Q, as in the reference "America, Americans—21-1Q-t;" it indicates the special *Quote-ette* feature in issue 21. A complete list of department abbreviations appears below:
